EXPERIENCE

Rootx Softwares

April 2026 - Present

Junior SQA Engineer

Dhaka, Bangladesh

- Performed functional, regression, and UI testing to ensure product quality
- Designed and executed test cases based on requirements
- Reported and tracked defects using Jira
- Conducted cross-browser and mobile testing
- Collaborated with cross-functional teams in Agile/Scrum

SQA Engineer Trainee

Sep 2025 – Mar 2026

- Assisted in testing and bug reporting

EDUCATION

Daffodil International University

Jan. 2022 – December 2025

Bachelor of Science in Computer Science and Engineering

Dhaka, Bangladesh

PROJECTS

RoboMartBD

[GitHub: <https://github.com/RadoanulArifen/RoboMartBD-Manual-Testing>]

- Designed and executed manual and functional test cases ensuring smooth performance across devices.
- Collaborated with developers to identify and resolve defects, ensuring timely, high-quality releases.
- Performed regression, usability, and UI testing to deliver a stable and user-friendly experience for all roles.

SlideSpark App

[GitHub: <https://github.com/RadoanulArifen/SlideSpark-App-SQA-Project-Manual-Functional-Testing>]

- Tested key functionalities include slide creation, role-based access, and file uploads using structured test cases.
- Conducted smoke, sanity, and compatibility testing across multiple browsers and platforms.
- Validated UI behavior and user flow to ensure a smooth experience for all user roles.

TECHNICAL SKILLS

- Testing: Manual and Automation Testing, Functional and Non Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, UI Testing, API Testing, Integration Testing, Performance Testing .
- SDLC/STLC: Requirement Analysis, Test Planning, Test Case Design & Execution, Bug Life Cycle
- Automation Testing: Selenium, Playwright.
- Bug Tracking & Test Management Tools: Jira, Trello, TestRail, Google Sheets, Excel.
- API Testing: Postman, API request/response validation.
- Programming Language: C, Python, JavaScript.
- Web Technology: HTML, CSS, Bootstrap, Tailwind CSS
- Database: MySQL, PostgreSQL.
- Version Control: Git (commit, branching, merging, pull requests), GitHub

RESEARCH PUBLICATIONS

- Early Detection and Management of Infant Common Illnesses (0-3 Years): A Symptom-Based Support System for New Parents (International Conference on Business Innovation and Sustainable Development [ICBISD2026])
- Behavioral Data-Driven Prediction of Suicide Risk Using Machine Learning Approaches (International Conference on Intelligent Data Analysis and Applications [IDAA 2025])
- Applying Convolutional Neural Networks for Early Multi-Class Detection of Lemon Leaf Diseases: A Comparative Analysis (1st International Conference on Smart Agriculture and Sustainable Development [ICSASD2026])
- Early Multi-Class Disease Detection in Chili Plant Leaves Using Convolutional Neural Networks: A Comparative Study (8th International Conference on Sustainable Development-ICSD 2026)

ACHIEVEMENT

- Top 10 Performer (Rank 10/250) – Data Science Datathon 2024
- Organizer – DIU Family Day

TRAINING

- SQA: Manual & Automated Testing (Ostad)
- QA Mastery: From Bug Hunter to Software Quality Assurance Engineer (Micro-Credentials Course)
